## Biological Drain Line Maintainer

---

RESTORE THE OPTIMAL FUNCTIONALITY OF ODOR & DEPOSIT IN MINUTES

Cleaning up the mess generated by a backed up drainage system is about as enjoyable as a root canal. Keep your misery, and the subsequent stench, to a minimum by keeping drain lines free from clogs, urinary sediment out-lets and greasy accumulations with GIANT BULL®.

Non-ionic wetting agent found in GIANT BULL® consume grease, oil and fatty foods to keep drain systems flowing, so the time spent cleaning washing basin, urinal and bath-tub drain is shortened while the time between pump-outs is extended
